## FROM THE EVENT MANAGER

KEN APPELL

Welcome to the all-new Carlisle Chevrolet Nationals. This year's show is jam-packed with milestone anniversary gatherings, new and returning activities, great celebrations and reunions and some celebrity guests!

One of the highlighted activities is the 50<sup>th</sup> Anniversary Celebration of the Chevrolet Camaro presented by Camaro Central. With help from some great Camaro enthusiasts and clubs we have a lot of amazing Camaros from all over the country in Building T. One of them is Camaro One which came all the way from Kansas! We are also celebrating the 50<sup>th</sup> birthday of the Pontiac Firebird with a display presented by Firebird Central. The displays in Building T feature stock, modified and custom Camaros and Firebirds including some unique race cars. See pages 8 and 9 for a preview.

We are happy to welcome Novas at Carlisle hosted by Nationals Nostalgic Nova. This year located in the north side of the pavilion and the area near Gate 6 is the Nova Showfield. Featured as part of the celebration is a great display of Novas in the Pavilion and a display tent.

Another new display is the Cosworths at Carlisle celebration. The Cosworth Vega Owners Association has made this year's Chevrolet Nationals their official stop. You can find them on the showfield on Row 10 near the shale bank. Located in the same area is the 40<sup>th</sup> Anniversary of the Monza Mirage celebration. Catch a couple of these unique Monzas from 1977.

We're pleased to continue the Solid Lifter Showroom Display in Building Y. It has a great mix of cars encompassing GM's history and includes some top level restorations and race cars.

We have a pair of special guests from television shows on Velocity and Fox Sports 1. Kevin Tetz and Lou Santiago are here and can usually be found in Building T throughout the event. Find out more about them on page 15.

As you walk around the event we hope you find the time to shop the midway and swap meet, where you can always find a great deal! Each year we always hear about great swap meet finds. Be sure to take advantage of our **parts hauling service** and/or on-grounds shuttle (taxi) service by calling **717-640-6429**. It only costs a donation!

We hope you enjoy the event, share your great times and photos on Facebook, and, most of all, make some friends along the way.

## SPOTLIGHT: CAMARO & FIREBIRD CENTRAL

ANDERSON AND LUKE, SONS OF CAMARO & FIREBIRD CENTRAL'S OWNER, SHAWN GREEN, AND CEO, BEN TUCKER

BY ANTHONY VERNET

Most GM enthusiasts share a common thread: F-Body trumps all. The experts at Camaro and Firebird Central couldn't agree more.

Camaro & Firebird Central boast one of the largest inventories of products from the most respected manufacturers when it comes to all things F-body, from restoration to restyling. They are based in Richmond, KY and currently employ around 20 people, most of whom have an affinity for older muscle cars. Recently, a new warehouse was added to keep up with an increasing inventory, serving as a testament to their rapid growth.

The company was founded by Shawn Green in 1996 following a childhood saturated with car shows and swap meets with his father Mike. CEO Ben Tucker joined the team in 2001, quickly picking up a fondness for the F-platform by proxy. 16 years later, their business is unparalleled in the realm of GM performance cars past and present.

2017 marks their first year on the Manufacturer's Midway for Chevrolet Nationals, where they will be juxtaposed next to the 50 Year Anniversary Camaro & Firebird showfield displays. Shawn and

Ben expect to see a few hundred F-bodies on the showfield and in the invitational buildings; the celebration of half a century of GM performance vehicles has been anticipated for years. "Camaro #1 should grab a ton of attention. Who doesn't want to see the first Camaro ever!? Just seeing all generations together is going to be awesome," says Ben.

Shawn and Ben's gravitation towards the F-body can be summed up in three reasons: 1) GM has always made sure the Camaro and Firebird are great-looking cars at an affordable price; 2) They have a boatload of power; and 3) The safety and comfort of the F-body is unrivaled.

At Chevrolet Nationals 2015, Camaro Central presented the IROC Camaro Display. Both Camaro & Firebird Central are longtime supporters of SEMA and ARMO as well. In a fantasy world, Shawn and Ben would love to see Chevrolet release a special edition Camaro-based Trans Am for 2019.

Make sure to stop by Camaro & Firebird Central on the Manufacturer's Midway for all your F-body needs at prices that can't be beat!

38 SPECIAL GASSER OWNED BY RICK & TERRI OSBURN

TIME BOMB 1972 COSWORTH VEGA NOSTALGIA FUNNY CAR OWNED BY ROCKY ROXLAU & STEVE MUSSER

### NITROFEST

#### FEATURING BRUCE'S USA-1 CORVETTE & ROCKY ROXLAU'S TIME BOMB VEGA

Bruce Larson, Carlisle's resident noise-maker, returns this year to host Nitrofest! Bruce, an NHRA champion and all-around car guy, will be here to share his amazing USA-1 Corvette funny car, and he's joined by Rocky Roxlau's Time Bomb Vega. The tent is across from the grandstand on Row 1B and Bruce will be doing a series of startups on Friday and Saturday. An even cooler aspect of Bruce's demonstrations will be that several lucky audience members could be chosen to sit in the car as it is fired up! (Just be present at the tent for your chance.) This is a rare opportunity to sit in the cockpit of an actual NHRA drag car while the driver and his team start and rev it for you! Don't miss your chance to see, hear and smell the nitro while Bruce disturbs the peace!

### 38 SPECIAL GASSER

The 38 Special Gasser hit the Nostalgia Drag Racing scene by storm with its 5-foot-high wheel stands and 10 second runs. It has become a fan favorite putting on a show up and down the east coast. Purchased in the mid

90s as an old farm truck, the 38 evolved first into a street rod, then to the wild ride it is today. Come by the tent on Row 1B (facing the Grandstand), take a look at it and get a photo of yourself behind the wheel. There will be startups following each Nitrofest and as part of that, a random kid from the audience will be selected to get behind the wheel, rev it up and experience all the power this truck has to offer. Check out "38 Special Gasser" on Facebook.

### SPECIAL GUEST LOU SANTIAGO

Meet Lou Santiago, co-host of Car Fix on Velocity! Since 2005 Lou has been a staple on automotive TV with a variety of programs. Lou is a fabricator at heart with talents ranging from building muscle cars to creating performance parts. You can find him in Building T during his scheduled autograph sessions and he'll be doing a roundtable chassis discussion as well as joining Kevin Tetz of Power Nation TV and Tim Palazzolo from GAP Racing for a Project Planning seminar. Otherwise, Lou will be walking around the event – like the true enthusiast he is.

### SPECIAL GUEST KEVIN TETZ

Kevin Tetz has brought a real treat for you! His Zed Sled Chevrolet Camaro which made its debut at SEMA last fall is in Building T. You may recognize Kevin as a host on Power Nation TV, TRUCKS! and Truck Tech on Spike, CBS and Velocity. Kevin also has an online podcast and videos with Eastwood and a blog on Hot Rod. You can find Kevin in Building T during his scheduled autograph sessions and in the seminar tent teaching about painting on Friday and Saturday. He'll also be joining Lou Santiago of Car Fix and Tim Palazzolo from GAP Racing for a Project Planning seminar.

DON'T MISS THE AUTOCROSS RIDE-ALONGS AND AUTOCROSS SHOOTOUT ON THE UMI PERFORMANCE TRACK

is joining us as part of the 50th Anniversary celebrations for the Camaro and Firebird. Fans of those brands, and car fans alike, should enjoy Phil's in-depth seminars which aim to take participants through F-Body assembly technologies from the first generation Camaro through the modern day sixth generation Camaro. Additional topics include differences in assembly from the 1st Gen years in Lordstown and Van Nuys and how to restore those early cars. Phil will also look at how GM built these cars, plus he'll take participants through the assembly of Gen 5 in Oshawa and all Gen 6 production in Lansing. In addition, you'll see just how far the Camaro has come over the last 50 years. Phil will be located in Building T all weekend for book signings and will be hosting the seminars in the seminar tent. See the schedule for seminar times.

**TIMELINE DISPLAY**

2011 Chevrolet Camaro  
Lance Miller

Camaro N100001 was the first of 49 pilot cars built by Chevrolet at the Norwood Assembly Plant. This car, along with the 48 other pilots, was built to ensure compatibility with mass production when it came to tooling and machinery used in the process. These pilot cars were crucial to refining the setup of the factory and helped to get everything ready for mass production of the first Generation Camaro. In the end, the pilot cars differed from prototypes because they were real, functioning automobiles upon completion. Camaro #001 was used by Chevrolet as a display vehicle at trade and auto shows and came equipped with a special 110-volt static lighting display, as well as Grenada Gold paint, a standard 230 straight-six engine, whitewall tires and a push-button radio. The Camaro was eventually retired from the show circuit, had its lighting display removed, and made its way to Ayers High Performance Chevrolet in Yukon, OK to live life as a showroom attraction. Ayers Chevrolet eventually sold the car, which then passed through several owners and even became a drag car at one point in its life. Eventually, the historical importance of the car was recognized and it was sold to the current owner, who had it painstakingly restored to its original condition. Camaro N100001 represents a significant piece of General Motors history, and was literally the first of its kind to ever exist.

### VENDORS

Enjoy shopping with The Pampered Chef, Goods Arts & Crafts, Mary Kay, A Touch of Country, ThirtyOne Gifts, Lofty Creations, Tastefully Simple, Silpada, Damsel in Defense, Barefoot Books, Avon, Tupperware, Uglie Acres, The Family Jewels, Lilla Rose and Nice & Bella.

### DEMOS & SEMINARS

#### GET UGLIE IN THE KITCHEN

FRI. & SAT. 11 AM

Toss your toast and learn new and creative ways to look at Jam. Owner

Nicole Shultz prepares a full day of meals using the delicious Uglie Acres Jam. Don't miss out!

#### BEAUTY MAKEOVERS

SATURDAY 9:30 AM  
& EVERY 1/2 HOUR

Join our Mary Kay Cosmetics professionals every 1/2 hour as they pamper and beautify you. Fee \$10 or free with \$20 purchase.

#### TASTE AND TAKE W/ WILDTREE & LONGABERGER

SATURDAY 12 PM

Join our professionals as they teach you how to prepare simple, healthy and delicious food with Wildtree while entertaining in style with Versatile Cook & Serve ware from Longaberger. Take the guesswork and fuss over what's for dinner out of your daily equation with just a few simple tips from our professionals. This demo offers a Taste & Take option where you will get one

of the Wildtree seasonings used in the demo along with a piece of Longaberger Serveware for only \$25 (a \$35 value). The Taste & Take option is only available while supplies last so reserve your spot early! You do not need to purchase the taste & take option to sit in on the demo and sample. Here's to simple, healthy and delicious entertaining!

## SPOTLIGHT: MIKE HEIM'S 1967 V12 CHEVROLET CAMARO

MIKE HEIM'S 1967 V12 CHEVROLET CAMARO (ABOVE) AND ITS V12 ENGINE (RIGHT)

BY ANTHONY VERNET

The experience of seeing Mike Heim's '67 V12 Camaro in the flesh is pure hallucination; if Hunter S. Thompson were still alive and could rewrite *Fear & Loathing in Las Vegas*, he'd be kicking himself for not speeding across the desert in this hellion instead of the Eldorado.

Mike manages a team of six at Quality Custom Rides in Lancaster, PA, all who have helped the transformation of the V12 Camaro. Its one-of-a-kind slammed exoskeleton is attributed to several mutations, including a 3" body drop, an Air Ride suspension (dropping the car another 5"), removal of rockers (another 4.5" lower), a top chop of 1.25", firewall smoothing and forward movement of the radiator to clear the block for the grand centerpiece of the build: a bespoke LS-based V12 engine. Coated in slime green paint that amplifies its hyperbolic power, the V12 LS is 8.8" longer than the standard V8. 12 individual throttle bodies and new, improved pipes come together to form an automotive ribcage responsible for its outrageous horsepower, surpassing 717 to be exact.

Mike was first introduced to Matt Corish (one half of the Australian brother-duo responsible for engineering the V12 LS) through his good friend Rod Saboury at the 2015 East Coast Indoor Nationals. It wasn't until 2016 that he met Matt's brother Shane Cornish at SEMA, a pivotal event that Mike can only describe as "over the top;" the show propelled the V12 Camaro into a frenzy of aftermarket acclaim by press from around the world. Due to its terrific response, the first blocks of the new V12 LS production run are being finished up now and will be for sale to the public shortly. Not only has the car been instrumental in meeting people in the automotive industry, but it also serves as a great liaison in making friends.

Performing all of these modifications may have exaggerated the appearance of the Camaro, but Heim maintains it still has the soul of a '67. Take the wing windows for example. The 1967 Camaro was the only year that the vehicle came with them so after chopping the top, extensive adjustment was required to make them appear stock. In addition, the suicide doors were designed to operate without electric control (a big challenge, Mike notes). His solution? Hiding the door handles in the original side view mirrors, a tribute to the vehicle's history that is both clever and utilitarian.

Keeping the integrity of the Camaro is paramount to Mike — it is the first car he has ever owned. It was sold to him by his cousin, and his brother lent him the money to purchase it. 1991, the car was taken off the road for a repaint, but after stripping it down, Heim discovered other dilemmas and the Camaro went into hibernation. He proceeded with the restoration years later, designing it to look the way it does today (sans V12, which would come in 2015). Taking the car's past into account, one understands why an absolute overhaul is disingenuous. Instead, the mod straddles a threshold between tradition and heritage on one side with innovation and the pursuit of power on the other.

Heim is always thrilled to be a part of Chevrolet Nationals, continuously bringing impressive builds here since 2010 (the last being a Winfield award-winning 1948 Studebaker Truck). "I don't want to give away the surprise but I am sure you will see a difference from any of the pictures [you've seen online]," he alludes regarding the ongoing transformation of the Camaro that has transpired post-SEMA. ***See its latest updates in Building T*** as part of the ***50 Years of the Camaro Modified Display presented by Camaro Central***.

### OFFICIAL ONLINE MARKETPLACE

ClassicCars.com brings buyers, sellers and classic and collector vehicle enthusiasts together. With a vibrant marketplace of over 30,000 classic and collector vehicles, an

industry-leading daily blog *Classic Car News*, and a wealth of resources for classic car owners, ClassicCars.com reaches more than 2.5 million car enthusiasts a month. Whether you are looking to sell your classic fast, find your dream classic, or enjoy up-to-the-minute automotive journalism, the ClassicCars.com community is here to support your interest in the collector car hobby.

### PREFERRED AUTO PARTS STORE

RockAuto ships thousands of auto parts from over 300 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

### 50TH ANNIV. CAMARO & FIREBIRD INVITATIONAL DISPLAYS SPONSOR
