FROM THE EVENT MANAGER

Welcome to the 2017 Carlisle Truck Nationals! Your weekend at Carlisle will offer you the opportunity to socialize with truck enthusiasts, connect with vendors of new and used parts and products, see some of the latest vehicle offerings from major manufacturers and, hopefully, be entertained with monster truck shows, special guests and fun for all ages.

2017 brings us 100 years of two major truck manufacturers. Both Ford and Dodge introduced trucks to their vehicle line-up in 1917. We are pleased that Ford and Ram are both joining us on our Manufacturers Midway this weekend. Our invitational display in Building T features representations of all the trucks that join us in Carlisle this year with special recognition going to these two brands.

Ford and Ram are also greeting you with monster trucks as part of the entertainment schedule. Bigfoot and Snake Bite are performing in front of the Grandstand, while Raminator is available to see up close and personal on the Manufacturers Midway. Look for freestyle motocross (FMX) shows to lead into some of our monster truck shows as well as live music on Friday and Saturday.

As we aim to introduce and share our passion for trucks with the next generation, we have an entertainment schedule to engage the whole family. The Phantom Fun Zone will be operating in the Red Showfield with lots of activities for all ages to participate in; Disc-Connected K9s will be presenting frisbee dog shows; there's a replica of Optimus Prime located behind the stage and our friends from York County, the Old Fire Farts, are sharing a collection of fire trucks in Building T!

This event guide contains all the details. Thank you for joining us this weekend and special thanks to the vendors, clubs, showfield participants and guests for making the Carlisle Truck Nationals the greatest truck event in the country. Enjoy the show!

SPECIAL DISPLAYS

OPTIMUS PRIME REPLICA

The Hasbro brand is known for its hugely successful line of toys and in some cases, the movies and/or TV shows those toys have spawned. One such toy line and franchise is Transformers. See an Optimus Prime fan-built replica truck right behind the stage!

Approved as an official replica by Hasbro, the truck actually is a 2017 Western Star 5700 XE. When it started on the factory floor, its one and only purpose was to become an Optimus Prime replica. Its highly customized look makes it true to what was seen on the big screen as part of Transformers 4 and will closely resemble its official counterpart for this summer's Transformers 5. Artists and fabricators from around the country were involved to assure no detail was missed. Counting this replica, there are only three Optimus Prime trucks in existence built with this design.

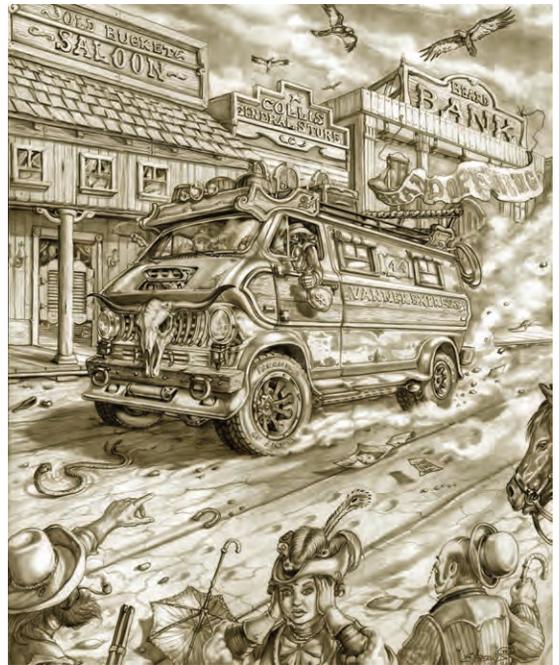

You just might even be able to sit in the driver's seat and snap a photo too. Please note an additional fee for photos and up close experiences with the truck may apply; however, it's free to simply stop by with your family.

SYTYS @ CARLISLE

Once again, Syclones and Typhoons are on display in Building Y, courtesy of the SyTys@Carlisle club. Stop by to see these unique 90s trucks.

VANARAMA VI

Vanarama has been hosted by CustomVan.com since 2012. Vanners are nothing short of imaginative and creative with the custom work on their vans. Don't miss your chance to see them up close at the Pavilion area. Special thanks to Ed Beard for providing the official artwork of Vanarama VI. (shown here)

EVENT HIGHLIGHTS

SPERANZA ANIMAL RESCUE

We are pleased to welcome the team from Speranza Animal Rescue. Speranza is based in Mechanicsburg, PA and has been taking in, rehabbing and rescuing animals for many years. Their role and visibility in the rescue community shot to a whole new level in 2016, however, with the rescue and life-saving rehabilitation efforts of the Boston Terrier, Libre. Libre was found discarded from a puppy mill, emaciated, sick and malnourished. Taken in by Speranza, Libre was given not only a new lease on life, but with the help of his human caretakers, helped usher in stricter laws statewide related to animal care and abuse.

Visit Speranza in Building R to meet Libre and also dogs that are available for adoption. Carlisle Events and Pepsi will give you a coupon for a free fountain drink with your donation to Speranza. Blankets, food, toys – all donations count!

trucks. Since then ETC has gone on to further impress with a makeover of a classic 1980 A-Model Kenworth aptly named "Bride of the Beast," an over-the-top urban assault vehicle, G-UNIT, transformed from a showroom-new 2006 Peterbilt 379 and the restoration and finely detailed rebuild of a vintage 1966 Peterbilt. "The Punisher" is one of the most incredible Kenworths on the road and an outrageous, off-the-hook, custom International ProStar, "Mayhem," and let's not forget "The Predator," imitated but never duplicated. The fun never stops at ETC and you can catch them outside the east end of Building T.

AMERICAN TRUCK HISTORICAL SOCIETY

The not-for-profit American Truck Historical Society was formed in 1971 to preserve the history of trucks, the trucking industry, and its pioneers. The American Trucking Association officially recognizes the ATHS as the "duly authorized organization founded to record and develop trucking industry historical data." Today, the ATHS has more than 21,000 members.

We are pleased to welcome several returning regional chapters from the Mid-Atlantic region. Look for them in the Pavilion area. Remember, if things go right in the world, truck fans, enthusiasts and owners of today's trucks will be tomorrow's members of this organization so thank these groups for keeping this alive and sharing it at Carlisle.

ELIZABETH TRUCK CENTER

Elizabeth Truck Center and its sister company Car Craft Truck Works, combined, simply known as ETC, continue to raise the bar and set new standards in the trucking industry. Popular trucks include "The Beast," which revolutionized the way the industry looks at custom

CARLISLE REGIONAL CARRIERS

Some regional carriers and truck companies will be showcasing products and accessories, while others will be recruiting for operators and other personnel at the show. Carlisle is a major trucking hub with major roadways such as Interstate 81 and the PA Turnpike running right through it. And, it is home to multiple trucking companies and warehouses along with truck stops and truck-related businesses. Stop by the Big Rig area and talk with representatives of our featured carriers.

(BOTTOM) LOCO HAWK, VIKING PETERBILT AND HAWK .45 WILLYS TRUCK

BY ANTHONY VERNET

Hot rods and off-rovers may seem like oil and water, but to Kenny Hawk, they compliment each other like peanut butter and jelly. All trucks that receive the Hawk treatment can be described as modern anachronisms: think substantial off-road capabilities enveloped by body designs referencing past historical eras. Take the Tomahawk, a WWII vintage airplane-themed build which started off as a dilapidated shell of 2007 Jeep Wrangler Unlimited. After over \$100,000 in modifications that took three months to complete, the Tomahawk was first unveiled to the public at SEMA 2014, drawing worldwide praise from people of all ages and backgrounds. "The Tomahawk holds a special place for me because it tells a story and allows people to connect with a time and era in a new way," says Kenny, a sentiment that can be applied to many of Hawk Designs' projects. Quintessential people, places, and things of the past, as well as pieces or parts with exquisite finishes/features are the main sources Kenny draws inspiration from when conceiving ideas for future builds. Currently, his team is plugging away on the 'Super Soldier' project to debut at this year's SEMA, which Hawk describes as "spectacular."

Hawk hails from Chambersburg, PA and began trekking to the Carlisle Fairgrounds for the Truck Nationals ten years ago, right around the time when he started his premier Jeep accessories company River Raider Offroad. Since then, he's shown several of his awe-inspiring builds on the showfield and has vended his products in the swap meet. This year, Kenny and his Hawk Designs team will be bringing their Viking Peterbilt Big Rig and

the famous Hawk .45 Willys Truck to the show. There is a possibility of a cameo appearance from the Loco Hawk, a steam-powered Jeep. In addition to the presence of these magnificent builds, River Raider Offroad will be selling their namesake Armor and Truck Snorkel kits, as well as some Hawk-branded merchandise on the Manufacturer's Midway.

Since Hawk Designs' kickoff in 2010, Kenny and his team of 13 have completed well over 80 separate builds, with around 16 taking place in the last year. Recently, their work has been shipped overseas to Dubai, China, and Taiwan. Domestically, many other Hawk Designs' trucks are scattered across the country. In regards to River Raider Offroad, they've been taking the aftermarket by storm. Their products have been performing exceptionally well in the community, especially the snorkel and skid plates (all made in the U.S.A. and shipped internationally), even inspiring Chrysler to create the JK-8 Freedom Kit for Jeep.

The striking work done by Hawk Designs over the years generated a reputation that caught the attention of multiple TV production companies, including Magilla Entertainment. Magilla Entertainment produces a bevy of shows, including 'Moonshiners', 'Diesel Brothers', 'Long Island Medium' and 'Road Hawks' – the all-new series following Kenny and his crew of master mechanics and fabricators as they build their world-renowned off-rovers. 'Road Hawks' premiered April 8, 2017 on the History Channel, and will return this month on August 18th from 10 a.m. to 12 p.m. EST. Don't miss it!

SPOTLIGHT: DAVID LOCKARD, PACKARD ENTHUSIAST

DAVID LOCKARD'S 1920 PACKARD

BY COURTNEY SNEATH

Dave Lockard has been a fan of old vehicles since the 1960's when he was in high school. He grew up in the suburbs of Philadelphia in the town of Glenside, PA until he moved to York Springs in Adams County after college. Dave owns an impressive amount of classic Packard trucks. This year, his 1920 Packard will be on display in Building T.

Dave has been attending events at Carlisle since the mid 1980's. Throughout the years, Dave has generously brought three of his Packard trucks to Carlisle. "My wife put the brakes on my having any more," Dave jokes. He owns a 1918 Packard 3-ton U.S. Army truck as well as a 1919 2½ ton Packard delivery truck.

Dave was introduced to the business of collecting Packard trucks during his last two years of college when he met longtime friend Harry Furst at a car wash in Highspire, PA. "I had my Packard car at a car wash in Highspire, PA when I noticed a 1961 Studebaker Hawk in the next bay. It was then that I met Harry Furst who noticed the hood ornament (a 'Cormorant' to Packard people) on my 1953 Packard Clipper was incorrect. Harry said, 'Hey, do you know you have the wrong bird on that car?' He was a WWII battleship sailor who had worked in the Altoona Packard garage and had a garage full of classic Packard cars. There was hardly anything that Harry did not know about the Packard Motor Car Company and its products (including Liberty engines, P-51 Mustang Merlin engines, PT boat engines, etc.). Harry was truly a good friend and Packard mentor," Dave explains.

Dave became acquainted with his first Packard truck in 1979 when his wife came home from work and mentioned that there was a seller, Ralph Gery, who had a Packard truck for sale. Ralph was the owner of the Glen-Gery Brick Co. "Ralph bought the truck in the 1930's as a tribute to his brother who was killed in action in WWI just days before the war ended. At the time I was unaware Packard made trucks (1905-1923) and even scoffed at the idea it was a Packard. After talking to my buddy Harry, he informed me that Packard indeed did make trucks; however, he had never seen one. So I had to apologize to my wife for doubting her! I took Harry to Mechanicsburg to see the Packard and bought it. It took me eight years to get it running," elaborates Dave.

In 2007, Dave went out of his way to extend a helping hand to a gentleman, Sait Hadzic, in Belgrade, Serbia. "In 2007 I provided numerous Packard truck parts, including an engine, to a gentleman in Belgrade who had the rough remains of a 3-ton Packard Army truck the French Army gave the Serbian Army following WWI. He was then able to fully restore his Packard, sadly just a month before he passed away," Dave expressed.

Dave's dream truck would be described as a 1905 Packard Model TA, although there are none that are known to exist today. His favorite memory of the Carlisle Truck Nationals is having young kids and adults sit up in the Packard truck he brings to the show.

Dave invites you to stop by his truck in Building T and talk with him more about Packards.
